

# Summer Term 2025

## Year 6

Year 6 will be taught by Miss Lamb and Mrs Pepper, supported by Mrs Hoyle.

### English

In English, we will continue to apply all our grammar and punctuation understanding to a range of fiction and non-fiction writing genres such as narratives, instructions and persuasive arguments. Our whole class novels and history learning in class will provide a stimulus and motivation for much of our writing. Our class novel will be 'The Odyssey' by Geraldine McCaughrean.

### Maths

We will begin this term by completing our learning about geometry, including angles and coordinates, and statistics. We will also continue to consolidate our understanding of number through regular arithmetic and number sessions. After half term, we will recap the key learning from this year so that we are fully ready for the KS3 maths curriculum next year.

### Science

In Science, we will begin by working on 'Evolution and Inheritance' before focussing on 'Animals including Humans'. In this unit, we will learn about the circulatory system and how our bodies react when we exercise.

### RE

Our work in RE will begin by exploring Judaism and the importance of the Torah to Jewish people. We will then explore the idea of faith and how a person's faith can help them when life is difficult.

### History

We will be continuing with our topic about Ancient Greece this half term. Exploring its history through primary and secondary sources.

### Geography

In Geography, we will learn about our local area and region. We will explore the human and physical features of our local area and

how they impact and are impacted by the people that live here. We will then compare our local area to other areas of the United Kingdom.

### PSHE

We will prepare for secondary school by learning how to make the right choices in terms of emotional and physical health and exploring relationships. We will consider issues of society, community and global concerns. We will focus on 'Rights and Respect' and 'Being our Best' through our SCARF PSHE programme.

### Music

Children will learn how a mood is created by music and lyrics. They will learn a new song quickly and sing it confidently from memory. They will play accompaniments with control and accuracy, using notation as a support. Children will present a performance effectively with awareness of audience, venue and occasion.

### Art

Our art work will focus on 3D modelling and sculpture.

### Design & Technology

Our work in DT will be a unit based on designing and making Greek Food.

### Computing

In Computing, we will develop our understanding of 3D modelling as we work online to create and combine a range of shapes to design and create a 3D desk tidy.

### PE

In PE, we will develop striking and fielding skills and use all previously learned skills in a range of sport activities and games.

### French

In French, we will consolidate previously learned vocabulary and grammatical structures whilst adding to this learning in topics about 'The Future' and 'Jobs' to enable longer conversations.

## **Helpful information:**

### **PE:**

Full kit needed in school on Monday and Wednesday. (PE kits can stay in lockers throughout the week). For a reminder about the correct PE kit please see the school website.

Please ensure that children have an outdoor PE kit (plain tracksuit and trainers) in school. Earrings must be removed.

### **Homework:**

Year 6 pupils will be given the following homework to be completed every week:

English and Maths – given on a Friday and due on the following Friday.

Reading Records – **must be brought in to school every day**

Please sign your child's record when they have read at home. Reading Records will be checked every Friday – children must read at least three times each week at home.

Please spend time discussing and developing your child's understanding of what they have read. Encourage them to evaluate and summarise what they have read, providing examples from the text to justify their opinions and answers.

### **Key Dates**

SATs Week: 12<sup>th</sup> - 16<sup>th</sup> May

Keswick Week: 19<sup>th</sup> May – 23<sup>rd</sup> May
